

JOIN US FOR COASTAL RECREATION HILL DAY 2021!

The Seas Are Rising And So Are We

On **March 8-11, 2021**, Surfrider members, recreation industry leaders and our partners will meet virtually with our nation's leaders to urge them to protect our coasts and ocean! Visit with congressional offices and network with advocates from around the country. This year's Hill Day will kick off on Monday evening with a welcome plenary, including a keynote address and panel featuring policy experts, industry leaders, and professional athletes.

Our federal leaders need to hear from Surfrider chapters and the coastal recreational community. This year provides a historic opportunity to enact strong laws to protect coastal resources and the socioeconomic benefits they provide. Our goal is to elevate the voice of the ocean recreation community and inspire stronger federal leadership on these critical issues.

Registration is free and all materials and training will be provided. Attendees can sign up to participate in meetings with congressional offices on Wednesday and Thursday. On Monday evening, March 8, Surfrider will host a public, virtual welcome reception and networking event for all participants and supporters.

OUR PRIORITIES FOR 2021 INCLUDE:

- **Climate Change Action**
- **Clean Water & Public Health**
- **Plastic Pollution Reduction**

PLEASE JOIN US FOR A GATHERING YOU WON'T SOON FORGET!

Advanced registration is required. To apply for registration, contact kday@surfrider.org by **January 22** and visit go.surfrider.org/coastalhillday for the latest updates.
