

# Ocean Friendly Holiday Dining Guide

# Ocean Friendly Holiday Dining Tips

Skip bottled water and fill pitchers of filtered or tap water and provide glasses for guests – add some festive fruit to make it even more fun!

Provide reusable glasses, plates, napkins and utensils for guests to use to avoid disposable waste.

Always opt for glass or canned beverages instead of plastic bottles.

Avoid packaged products by having guests bring a homemade dessert or snack to share – nothing beats homemade cookies!

Store leftovers in glass containers or wrap them in tin foil, food wraps or even cloth napkins – no plastic wrap needed.

After the party is over, don't forget to recycle your cans and bottles properly.

It's the holiday season! The most wonderful time of the year to celebrate with good friends, good music, and of course, good food. Keep your celebration sustainable by hosting your party at an Ocean Friendly Restaurant or ordering food to-go, without the extra waste. Below is a list of restaurants that have gone the extra mile to meet the updated Ocean Friendly Restaurant criteria for 2021. A complete list of restaurants can be found at [surfrider.org/ofr](http://surfrider.org/ofr).
